PRAVEEN S V

Java Full Stack Developer

praveensv0007@gmail.com | +91 8903253146 | Nagercoil, Tamil Nadu | LinkedIn | GitHub | Portfolio |

PROFESSIONAL SUMMARY

Aspiring Java Full Stack Developer with a strong foundation in Java, HTML5, CSS3, JavaScript, React.js, jQuery, and Bootstrap. Enhancing backend development skills with Spring Boot, JDBC, and RESTful APIs, with a focus on building responsive and user-friendly web applications. Possesses strong problem-solving and analytical abilities, demonstrated through hands-on projects and continuous learning. Seeking an opportunity to apply technical skills, contribute to real-world software projects, and grow as a Java Full Stack Developer.

EDUCATION

B.E in Electronics and Communication Engineering, Minor B.Tech in Artificial Intelligence

Ponjesly College of Engineering

CGPA: 7.9/10 2022 – 2026 | Nagercoil, Tamil Nadu

TECHNICAL SKILLS

Programming Languages: Java

Frontend Technologies: HTML, CSS, JavaScript, Bootstrap

Frontend Libraries: jQuery, React

Backend Technologies: Core Java

Backend Frameworks: Spring Boot

Core Concepts: OOP, Collections, Exception Handling, Multithreading

Database Technologies: SQL, JDBC (Learning)

Version Control: Git, GitHub

Tools & Platforms: VS Code, Eclipse IDE

Operating System: Windows 11

PROJECTS

ResQ - Disaster Management Web Application

Technologies: HTML, CSS, JavaScript, Bootstrap

- Developed responsive web pages for reporting disasters and SOS alerts.
- Implemented location sharing using the browser's Geolocation API.
- Added form validation and interactive features.
- Integrated weather information and emergency resources .

Product Catalog – Full Stack Product Management

Technologies: Java, Spring Boot, REST API, JPA, Hibernate, H2, React

- Developed a full-stack product management application using React and Spring Boot.
- Implemented RESTful APIs for product CRUD operations.
- Used Spring Data JPA and Hibernate with Controller–Service–Repository architecture.
- Integrated React with Spring Boot REST APIs for product management.

EduTrack - Student Management System

Technologies: Java, OOP, Scanner

- Developed a console-based application to manage student details.
- Designed a menu-driven system using object-oriented programming.
- Implemented add, search, update, and display operations.

AgroVision – Smart Agriculture Web Application

Technologies: HTML, CSS, JavaScript, Bootstrap

- Developed a responsive portal providing crop, market, and government scheme information.
- Implemented interactive search features and reusable UI components.
- Designed a responsive agriculture-themed interface using Bootstrap.
- Added cultivation tips and farming resources.

AuthGuard - Secure Login Monitoring System

Technologies: Java, File Handling, Collections Framework

- Developed a console-based secure login monitoring application using Java.
- Implemented registration, authentication, and account locking after three failed attempts.
- Created login activity tracking and security alerts using file handling.
- Used HashMap and ArrayList to manage user and login records.

BookNest - Library Management System

Technologies: Java, OOP, Encapsulation

- Developed a library management application for book issue and return operations.
- Implemented book issue, return, and availability tracking.
- Created a menu-driven system for library functions.

TRAINING & INTERNSHIPS

Java Full Stack Development Trainee, IPCS GLOBAL 01/2026 – 09/2026

- Gaining hands-on experience in HTML, CSS, JavaScript, jQuery, Bootstrap, Core Java, OOP, Exception Handling, Collections, JDBC, MySQL, and Spring Boot.
- Developing frontend and backend programming skills through practical exercises and projects.
- Worked on hands-on exercises and projects involving frontend, backend, database, and application development.

MERN Stack Development Intern, Srishti Innovative Educational Services 09/2024 – 09/2024

- Completed a one-week internship focused on frontend web development and Git-based version control workflows.
- Worked with HTML, CSS, JavaScript, and collaborative development practices.
